January 15, 2015

Dear Sir or Madam,

It is our pleasure to express our support for the University of Toronto Origami Club's initiative to raise funds for cancer research and set the Guinness World Record for the Largest Display of Origami Flowers by recreating the logo of the Canadian Cancer Society.

Origami, the art of Japanese paper folding, is enjoyed by practitioners of all ages in Japan and around the world, and the tradition of folding 1,000 paper cranes has long been associated with good luck and longevity. In this spirit, UTFOLD is creating a visually beautiful display that showcases the artistry of origami while raising awareness and funds to support the Canadian Cancer Society's work to end cancer.

I wish UTFOLD all of the best in this admirable endeavor, and hope that their efforts to set the World Record for this worthy cause will be realized.

Sincerely,

Takashi Ishida
Executive Director
The Japan Foundation, Toronto
